

# BOGO

**Buy 1 complete pair of glasses  
Get a free frame with purchase of a second  
pair of GLARE FREE lenses!  
This also includes sunglasses with tint and  
UV protection!**

The second pair frame is from a certain selection of frames and has to be used on the same day that the first pair of complete glasses is purchased. When a second pair of glasses is purchased using the promotion, an anti-reflective coating has to be purchased on the second pair to receive the free frame. When purchasing sunglasses as the second pair promotion, a tint with UV protection must be purchased to receive the free frame. This can be used if the first pair was under an insurance plan, but insurance cannot be billed for any of the second pair. This promotion cannot be used with any other promotions.

We do require a deposit of at least  $\frac{1}{2}$  of the total of the glasses (including second pair promo) be paid before we can order the glasses, and the full amount has to be paid in order to pick them up. Glasses take approximately 10-14 business days to get back and in some cases it can take longer. When we receive your glasses into our office we will notify you as soon as possible, therefore, you do not have to call us.

We try our hardest to provide our patients with prompt and professional service.
